**DETAILED ACTION**

***Election/Restrictions***

1. Applicant's election with traverse of Group I in Paper No. 6 is acknowledged. The traversal is on the ground(s) that the process required in Group I is not materially different from the process of Group II. This is not found persuasive because the method requires the step of forming a post portion in the shape of a pillar with at least the upper reflection layer partially remaining, this step is not required in the device claims of Group I.

The requirement is still deemed proper and is therefore made FINAL.

2. Claims 11,12 and 24-26 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected invention, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in Paper No. 6.

***Claim Rejections - 35 USC § 112***

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
4. Claims 1-10 and 16-23 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The instant claims are indefinite for the following reasons:

- (a) In claim 1, line 5, "a boundary region" is indefinite. Thus claims 1, 6-9 and 13-15 are rendered indefinite.
- (b) In claim 1, line 7, "a plurality of divided regions" is indefinite. Thus claims 1-15 are rendered indefinite.
- (c) In claim 16, lines 4-5, "includes a plurality of divided regions" is indefinite. Thus claims 16-23 are rendered indefinite.
